

MP TRAINING

WHY CHOOSE ONE OF OUR COURSES?

- Our high-quality professionals come from a range of backgrounds including Headship, Ofsted Inspection, International leadership, MAT educational leadership, Governorship and significant expertise in the different fields of reading.
- We make sure there is balance of current experience with expertise form across schools.
- We focus on Reading and Phonics, bringing you a wealth of expertise in this area rather than try to cover all areas. We know what we are good at.
- We ensure our courses will have the maximum impact in schools. Click on the course details below and you will be taken to a detailed breakdown of the aims and learning intentions for each course.
- Our prices are very, very competitive. At this challenging time for school budgets, the CPD we offer is excellent value.
- All our courses are digital. This means there is no travel cost or lost time traveling to us. We know how to make digital training work. The courses are engaging and interesting for participants.
- Our courses are suitable for all schools regardless of SSP used

- Literacy / Reading / Phonics Lead
- NQT / ECT Mentor

SAM RIVOLTA

CONSULTANT TRAINER

- Early years KS1 teacher
- Previously Literacy Lead and Phonics Lead
- Former Head of school and Numeracy Lead

REVIEWS

Discover the positive impact of MP training.

"I have been highly impressed by the way in which training from Monster Phonics is personalised to the needs of individual schools. The series of short training videos were the perfect introduction to the Monster Phonics scheme; very manageable for staff at the start of a busy academic year. This, supplemented by follow up sessions from the expert Monster Phonics trainers, supported our teachers and teaching assistants to deliver phonics with confidence and maximise student outcomes."

Hannah Stockley, Deputy Principal of Primary, Al Ain English Speaking School

"The Monster phonics training that was delivered to our whole staff team from nursery through to Y6 was engaging, interactive and supported our staff across the school in delivering effective phonics and early reading. All our staff have now completed training up to level two and this has had impact on the teaching of reading and phonics across the school - in fact our phonics results had a 27% increase on the previous year!"

Beth Lloyd, Deputy Head at West Hill Primary School

"The training provided by Monster Phonics is incredibly informative and easy to follow. The information given is interesting, the lovely lady who talked us through the training was confident in her knowledge of Monster Phonics. It is very fun and engaging!"

Leona Dixon, Phonics Lead, Barmston Village Primary School

"Training from Monster Phonics has been highly effective, and we have noticed how much consideration the programme gives to the individual needs of the school. We were able to implement the scheme incredibly quickly and effectively, and saw an impact on our results straight away. Knowing that we would be able to offer our staff continuous access to regular training webinars and events, we felt very much part of the Monster Phonics community which has continued to grow. Our teachers and TAs are expertly skilled in delivering phonics as quality wave one teaching and as intervention sessions and we have the Monster Phonics team to thank for that."

Teresa Skeggs, Executive Headteacher, Peartree Spring Primary School

"Thinking about some of the other programmes I've looked at ... I can't recall one where I've seen such high-quality training material"

David Waugh, Professor of Education from Durham University School of Education

"I just wanted to say a huge thank you for the training session today - it was wonderful, and the team left the session so enthused and excited about teaching Monster Phonics as well."

Jason Lang, Head of Pre-Prep, Pinewood School
